**ABOUT YOUR  
INSTRUCTOR**

**Peter Cartwright, CWS-VI** is CWQA's Technical Consultant. He has been in the water purification and wastewater treatment industry since 1974, and has intimate knowledge of the technologies available in the market place. He is also very familiar with component and systems manufacturers and is in an excellent position to evaluate them objectively.

**Two Day Water Treatment Basics Course.....**Enhance your professionalism and expertise by attending this two-day course taught by one of the leading water treatment experts. *Water Treatment Basics* will give you the essentials of water treatment and will provide you with the tools you need to be a proficient, reliable and knowledgeable technician. Included with the seminar is the examination. Generally, if you are new in the water industry, this course is a good introduction to water treatment, an even better refresher course if you think your knowledge is dated, and the best intensive preparatory course for the CWQA Certified Water Treatment Technician's Examination.
